Materials: Baby sport weight yarn. 2 different colors for this dress.

I used light pink (color A) and white (color B.) for bodice

I also used pretty ribbon for eyelet rows around neck and skirt

And a yarn needle to sew arms together and weave in ends.

Use color A.

Make 2

With color A

CO 20 sts.

K across row

Purl all across (there will be no more Knit in a purl row for entire arm sleeve

(K2 tog, YO) across (do not loose your yarn over) Purl across

Switch to color B

Do rows 1-15 except you only have to do pattern one time, and remember no knit 3 on the purl side.

Row 16 BO in purl

Sew arms onto dress, you may need to sew a little extra under the arm. After arms attached!

Weave in all extra strands. And put pretty ribbon through eyelet rows. Make pretty bows in back.

DO NOT SEW BACK SIDE! Leave open for easy access for babies who have passed away.

You can also weave yarn around the k3*s (beg and end sides) starting on back side and weave to make a front bow It looks so pretty this way too.

I really hope this works out for yeah.

Idea! You can also not do the (k3 on purl side) and only st. st. (all up to you!)
