How we work:

A Little Lifetime Foundation is a voluntary organisation. The Board, Members of the admin and support teams are all volunteers. We have one part time employee. It would be impossible for us to offer the service and support we do without the volunteers who provide it. We try to provide a high standard in all our services by adhering to core values that govern everything we do.

The Organisation's Core Values are:

- We respect each other

- We offer a safe and confidential space for parents and families to share their experience.
- We listen with compassion and hear what is being said without judgement.
- We show consideration for each other's beliefs - both religious and spiritual.
- We do not offer solutions
- We stay on the journey of grief with those who need support along the way.

Our volunteers are valued

Our volunteers are the very heart of A Little Lifetime Foundation and the driving force that has provided support since the foundation of the charity in 1983. They provide the essential peer support newly bereaved parents and families need in the early days of their loss while being there for those who are a little bit further down on the journey of loss. The everyday running of the charity: administration, finance, development and service structures are all done by volunteers also. It is impossible to quantify the invaluable service they give to our organisation and A Little Lifetime Foundation would like to state how much we truly appreciate their time and commitment.

What type of volunteer roles are there in A Little Lifetime Foundation-

1. Parent support
2. Administration/Accounts
3. Fundraising
4. PR/Marketing
5. IT/Web design and maintenance

A policy is in place which clearly outlines guidance on all aspects of volunteering at A Little Lifetime Foundation and it complements other A Little Lifetime Foundation documentation and procedures, as well as our definition of volunteering, our mission statement, and our values and ethos as a voluntary organisation that offers services and support to bereaved parents and their families at a very difficult time in their lives.

The process to select new volunteers is informal. All our volunteers are bereaved parents themselves so they usually attend support services for up to 2 years prior to offering to become volunteers themselves. Or it may be parents who make contact many years later. Some parents want to be part of the support services and some have an interest in the running of the organisation. Others want to be involved in fundraising and we support and encourage all levels.

We mention the need for volunteers in our publications and at our parent events.

Resolving Problems

In the case where problems arise, we need a procedure to deal with these problems in a fair and consistent way. To ensure that this aim is fulfilled, we have adopted a problem solving procedure. This procedure is designed to help and encourage all our volunteers achieve and maintain satisfactory standards of conduct and performance, and to provide the opportunity for improvement where necessary.

Informal procedure

Where minor problems of performance or conduct are alleged (e.g. poor timekeeping/unreliability, minor mistakes in the tasks being undertaken etc.), our Support Team Manager would hold an informal discussion with the volunteer to discuss this and decide on an appropriate course of action. Our Support Team Manager should inform the volunteer of future expectations, set clear goals and tell them about future action that will be taken if expectations are not met.

Where the issue is related to your ability to undertake the role, our Support Team Manager will address this during supervision and support sessions. Appropriate expectations and goals will be set. Where there is no improvement, our Support Team Manager will hold an informal three-way meeting with the volunteer and Member of the Board. The following courses of action will then be available:

- Reasonable changes to the volunteers role to enable him/her to carry it out;
- Change of volunteer placement, where appropriate and available;
- Developing a time-bound plan to address problems. Our Support Team Manager will evaluate whether problems are addressed and carry out a review at the end of the time-bound period.

Formal procedure

Where more serious problems of performance or conduct are alleged, or there is no improvement in relation to any earlier issues dealt with informally, the following procedure will be followed:

Investigation

Our Support Team Manager or another suitably appointed person will investigate the matter and prepare a report for the Board.

Review Meeting

Our Support Team Manager will hold a review meeting with the Volunteer and our Supervisor. The volunteer will be advised in advance of the allegations against him/her and given time to answer the allegations.

Best Practice

A Little Lifetime Foundation is committed to best practice across our support services and will closely monitor and evaluate all our activities, seeking feedback from both our parents who avail of the services and Volunteers who provide them. All feedback will be assessed and where possible applied to ensure we concentrate on continuous improvement as an organisation.
